

Versatile is a leading project specification specialist and contract supplier of hard finishes to architectural/design practices, corporate clients and contractors for commercial, leisure and public sector applications.

A rich and complete range of tiles, bathrooms and related products. Versatile loves making each and every product coincide with one word: quality

Collaboration with our clients evolves into a true and proper partnership. A company's prestige is built upon safe and effective products which enable partners to work better: from tile layers to designers, from constructors to the builders.

Growing together - the winning strategy. Here is where the mutual trust and loyalty between Versatile and its partners is born. We aim to help you achieve your visual ambitions whilst also meeting technical and budgetary constraints.

To be recognised as a market leader in the supply of finish solutions to all market sectors.

We strive for excellence and recognition as a customer-focused, continuously evolving profitable organisation.

Our aim is to deliver outstanding customer experiences and achieve total customer satisfaction.

Procurement & Supply Chain

Versatile sources products from key supply partnerships to ensure the widest possible range of solutions is available to customers. The strength and variety of these partners ensures that Versatile is able to identify the very latest and innovative solutions to meet customers' needs and requirements.

Project Management

From service to design and fulfilment of the project, all the skills of Versatile are put at the service of its customers to offer suggestions and advice. Versatile's expertise is at your service to reach a specific target; efficient technical information and assistance, both in the design phase and also at the building site.

Technical Advice
